6. Purchasing Contents

6.1 As detailed in Section 7.2 below, each third party content is licensed to you by the third party content provider through a separate agreement between you and such third party content provider. Samsung contents are licensed to you by Samsung. As part of the Service, You may have access to free or have the possibility to purchase services or content from a Content (“In-App Purchase”) or subscribe to a service (“Subscription”) or pay a license fee to access a Content (“Paid App”). Free Content, Paid App services or content offered may or may not contain advertisement.

If payment for Subscriptions, In-App Purchase and Paid App is collected by the third party providing the content or services, the terms from that third party related to payment will apply. If such a payment is collected by Samsung, payment will be made via the current payment method provided in Your account or any other form of payment that we make available to You in the Service. If You want to change your billing information, you may do so online in “My Page” section of the Store. There may be a temporary disruption of your access to the Services until Samsung can verify the validity of the new billing account or credit card account information.

If You do not have a current payment method, You will be asked to provide billing information (e.g., name, billing address, credit card information) to be used by the third party payment processor designated by Samsung (“Payment Processor”). Samsung may change the designated Payment Processor from time to time. By providing details of a payment card or online account to be billed, You confirm that You are authorised to purchase the digital items and that You are a holder of the card or are authorised to use it. You acknowledge that You may be separately required to accept the Payment Processor’s own terms governing use of its services in the manner it specifies. If We are required to collect or pay any taxes in connection with Your purchase of Paid Content or In-App Purchase, such taxes will be charged to You at the time of the transaction. You are responsible for any third party fee such as internet, mobile carrier fee or other access or data fees in connection with Your use of the Service. Prices are subject to change, and the currency or price may vary depending on Your location.

For Subscriptions, You will be automatically charged each billing period (which can be weekly, monthly or annually depending on the Subscription period). From time to time, You may benefit from accessing content at no charge for a trial period. After the trial period, You will be charged the Subscription fee each billing period until You cancel Your Subscription. To avoid being charged, You must cancel before the end of the trial period. If You cancel Your trial, You will have access to the Application or content until the end of current term. You may cancel a Subscription at any time 24 hours before the end of the applicable billing period. To cancel, go to “My Page” section of the Store. The cancellation will apply to the next period. No refund will be granted for the current billing period, except as otherwise provided in Our Refund Policy as set forth below or

as required by applicable laws.

All sales of Paid App, Subscriptions, or In-App Purchase from the Service are final. If You encounter any technical issue accessing the content You purchased, You must submit an inquiry via <http://help.content.samsung.com/> no later than 7 days after placing Your purchase. If Samsung determines that the Paid App or purchased content is defective or technical issues prevent the download of the Paid App or content, and provided You have contacted Samsung within 7 days after Your purchase, Samsung may replace the Paid App or content or issue a refund. The refund may not be granted if Samsung determines, in its sole discretion, that the request is fraudulent or abusive. Payment for Applications is inclusive of GST at the applicable rate. "GST" has the meaning given to that term in A New Tax System (Goods and Services Tax) Act 1999 (Cth).

You agree to receive and allow Samsung to deliver such updates to you as part of your use of the Services. If you have chosen to disable the "Automatic Update" function, then you can check the availability of new Updates by clicking on the "Check Update" menu in the Setting. Given the importance of receiving Updates for security software in a timely manner to defend against new threats, however, security-related Updates may be automatically downloaded and installed without your consent, even if you have disabled the "Automatic Update" function. We recommend that you check availability of any new Updates periodically for optimal use of your device.
